## Certificate of End-Use and Export Control, International Sales

### Introduction:

All items sold on [www.sierraolympic.com](http://www.sierraolympic.com) are export controlled items and subject to the laws of the United States under the Export Administration Regulations (EAR) or International Traffic in Arms Regulation (ITAR, 22 CFR 120-130). Under this Acknowledgement of End-Use and Export Control document, Sierra-Olympic will only consider the sales of EAR products. The EAR defines the certain reasons for export control, and maintains a Country List where these reasons for control are applied. For controlled items sold on this website, Sierra-Olympic Technologies, Inc. (SOTI) has established business rules which apply to all domestic and international customers which apply the rules of the EAR to the products sold on this site.

Each customer is required to complete this Acknowledgement of End-use and Export Control. SOTI shall use the information on this completed form in the processing of sales orders. Customers must offer complete and accurate answers, and are required to acknowledge their understanding that products purchased are controlled items under the EAR, and they are required to follow the rules therein.

All information offered on this document is treated as CONFIDENTIAL. Under no circumstance will Sierra-Olympic Technologies, Inc. share any information provided in this document unless compelled to by legal authorities.

Acceptance of sales orders is at the discretion of SOTI. All answers provided on this document shall be subject to verification by reasonable methods. No online sales orders will be accepted for persons or company entities classified as denied entities on the US Consolidated Screening List.

### General rules for sales orders for International Customers:

- Generally, 9 Hz cameras can be shipped without a license to all countries except embargoed countries (Iran, Syria, North Sudan, Cuba, North Korea). Exceptions are shipments to persons on Denied Parties Lists maintained by the US Government, and to applications that involve WMD and arms proliferation.
- Generally, 30 Hz and 60 Hz cameras can be shipped with a license exception to the so-called "STA-36" countries with conditions. These cameras must be for ultimate end-use within the ship-to country and are not for re-export. Any sale to a military end-user or end-use application requires a BIS license (except Canada). Any sale intended for re-export will require a BIS export license (except Canada).
- If you are considering the purchase of cameras for shipment to a country or for an end-use which will require a license, then you must contact us directly. YOU MUST BUDGET 6-WEEKS FOR A LICENSE APPLICATION, BEST CASE. THERE IS A MINIMUM ORDER AMOUNT AND A NON-REFUNDABLE DEPOSIT REQUIRED IN THE EVENT OF A LICENSE APPLICATION. Please see our document SOTI Export Policies for an explanation.
- SOTI will consider international sales only to businesses which can be validated through commercial channels.

Instructions: Please complete the requested items completely.

Y/N

**Section 1.3**

**Acknowledgement:**

- a. I acknowledge that Sierra-Olympic Technologies, Inc. will perform reasonable confirmation of the information provided, as well as perform entity screening against US Government screening lists. Further, I acknowledge that Sierra-Olympic Technologies, Inc. will offer full cooperation with respect to all sales orders from my company with all government authorities if compelled to do so under US law.
- b. If I am purchasing items which are ECCN 6A993 products, or  $\leq 9$  Hz frame rate cameras, I understand they cannot be re-exported to Cuba, Syria, Iran, Sudan, North Korea. I understand they cannot be exported for an end-use involving chemical, biological or nuclear warfare. I understand they cannot be exported or re-exported to persons on the Consolidated Screening Lists maintained by the US Government at [www.bis.doc.gov](http://www.bis.doc.gov).
- c. If I am purchasing 6A003.b.4.b items, or cameras  $> 9$  Hz frame rate, to be exported to me under the STA License Exception, I will complete and comply with the "STA Consignee Statement" provided by Sierra-Olympic Technologies, Inc. on its website.
- d. I acknowledge that my company has been so informed by Sierra-Olympic Technologies, Inc. of the nature of controlled items I am purchasing and that my company is solely responsible for any actions it takes with respect to any defense article, technical data, or defense service so defined under ITAR, or controlled item or controlled information so defined under EAR.
- e. If these items are transferred to another party under any circumstance, it is my company's entities responsibility to inform the recipient that the product is a controlled item subject to export control under US law.
- f. I confirm that I am authorized by my company to sign this Acknowledgement of End-use and Export Control, and that by doing so, I bind my company to comply with US Export Laws.
