

Export License Questionnaire/Letter

Instructions:

In the event of a US Export License application, significant information will be requested in order to submit the application. Below is an extensive list of questions we will need in order to complete the export license application for the sensitive controlled items under consideration. Incomplete or insufficient information will only delay the process.

Please offer answers to the questions below by preparing a letter on your company letterhead which addresses each of the items below.

CONFIDENTIALITY: ALL INFORMATION PROVIDED BELOW WILL BE TREATED WITH THE HIGHEST LEVEL OF CONFIDENTIALITY, AND WILL ONLY BE USED FOR THE PURPOSE OF ACHIEVING A POSITIVE EXPORT LICENSE APPLICATION.

1. Date.
2. Purchaser Name and Address.
3. End-User Name and Address.
4. End-User Industry: Commercial/Military/Both.
5. Purchase Order Number/Letter of Intent Reference Number.
6. Products Purchased.
7. Frame Rate of Product(s).
8. Pixel Resolution of Product(s).
9. Quantity Ordered. List quantity for each item by frame rate and resolution.
10. Why is this quantity required by customer? Example answers: We require 4 cameras for development of a prototype medical instrument. We require 8 security/surveillance cameras for installation at the end-use location. We require one camera for laboratory use.
11. State if purchase is for single end-use purpose, or if it is for development of an instrument for future production and sale.
12. Will the items delivered be used by persons who are not citizens of the Purchaser or End-use country? If yes, please list the citizenship of these persons.
13. Please list any intermediate consignees? Will the item pass through any other countries while travelling to its end-use location?
14. Is the camera embedded/integrated/installed into another product? If yes, is the product a military commodity as defined by the Wassenaar Arrangement Munitions List (WAML)? For more information, see <http://www.wassenaar.org/controllists/>.

Include the following summary:

<COMPANY NAME> certifies that the above responses are accurate and the products which we purchase from Sierra-Olympic Technologies, Inc. will be used as stated above. Additionally, these products will not be used for or in nuclear, chemical or biological weapons or missile technology or proliferation applications.
